Hi Everyone, just a quick message from the National Project Team to say a big thank you for all the efforts Clubs and Districts put into Coin for a Cord Day. A few photos below show how Clubs help promote the National Project on this day.

Coin for a Cord Day
Cowra Club.

District A52 Cord
Blood Display at
Shelly Beach by the
Gosford North IW
Members

Many of you may have seen the redressed Clown Bears that both Eluned from A40 her display of bears and ideas were plentiful and Wendy Witty from A60 who created a punk bear. Eluned has sent in how to create a good shaped head for the Clown Bear and I can check with Wendy about a pattern from the Punk Bear. But you too might have some great ideas now so please share with us and we will pass your ideas on to the other Districts. Who would have thoughts that the clown bear could be redressed like these. Well done ladies.

Baulkham Hills President presenting a Sleepy Bear with a knitted cardigan. Every year this Club presents a gift to a baby born at the Norwest Private Hospital in celebration of the efforts of IWA in raising funds for Cord Blood Research and to promote Inner Wheel. Great Idea ladies.

Past and Upcoming Events that we know of:

Wandin Club had their fashion parade to raise funds.

Williamstown Club held a successful Trivia Night

Brisbane North Club will hold an afternoon tea on 26th May. Guest Speaker and author Lisa Cox will help the attendees "Find your Fearless"

The Inner Wheel Clubs of the Central Coast will hold a Fashion Parade and Luncheon on 26th May with guest speaker Dr Sylvie Shen.

As you can see there are many ways for us to become involved with raising the awareness of our National Project and at the same time letting people know about Inner Wheel. Please, send your photos and your event details into us so that we can promote these amongst the other Districts. We have members travelling all the time and they might be able to attend your function if they are in your area.

Our thanks must go to District A77 Chairman Zelma Hanley who donated the children's book 'Cordelia' to help us raise funds for the National Project. These books are available from our Warehouse Coordinator Diana Douglas so if you need copies please make contact with her. If you would like a few copies we can bring some to Changeover for your Council Member to bring back to your District, even half a dozen should be okay for her to carry, please let Diana know if you need some now so that they can be taken over to Perth for you. The books will also be available at the IWA Conference in Canberra. Thanks Zelma a wonderful donation we are sure they will sell throughout the country.

Watch out for the Order form for the 2019 Diary. Yes! we will be printing another diary this year, they were very popular and order forms will be sent to your District Coordinator and Clubs shortly. The diaries will be available for collection at the Inner Wheel Australia Conference in Canberra, your District Coordinators will take them back to your Districts for distribution. The smaller diary has been the one most have requested and a spiral back has also been put onto the want list. So watch out for your opportunity to order the next diary.

Don't forget to send in your photos of Coin for a Cord Day or your special events so that I can prepare a visual display to be shown at Conference. If you send in your photos and event flyers we can put these on the IWA Cord Blood Facebook, and the IWA Website, all promotional material is good for the Project.

If we share our ideas and our events we can all help to promote our National Project and help raise much needed funds.

Best wishes

Barbara and the team

National Project Coordinator
