

Inner Wheel Australia Inc

National Project

2020

It is our pleasure to announce that Cord Blood Grants have been awarded to the following successful applicants

Dr Margie Castillo – Melendez et al:

Endothelial Progenitor Cell Therapy for Cerebrovascular and White Matter Injury in Fetal Growth Restriction - \$65,000

Dr Alla Dolnikov

Use of Cord Blood Derived T-Cells in Cancer Immunotherapy.

- Part payment \$40,000 remaining when available.

Notes: There were four successful applicants for our grants this year. Unfortunately due to the current Covid 19 situation we have only been able to fund two applicants.

Thank you members for your continued support.
